PRESS RELEASE – For Immediate Release

14 September 2007

‘THE SUMMIT’ OFFERS “SEA CHANGERS” UPMARKET LIVING IN COFFS HARBOUR

The Village Building Co. will today unveil its luxury residential development valued in excess of \$100 million, in Coffs Harbour. ‘The Summit’ is a collection of 177 multi-level homes, apartments and townhouses, raising the benchmark for luxury living.

The first stage of eight luxury dwellings ranges includes three bedroom townhouses through to spacious multi-level homes.

“‘The Summit’ is about offering an upmarket alternative for people wanting to live on the North Coast at Coffs Harbour. It’s about giving ‘sea changers’ the opportunity to live in a beautiful home in this beautiful part of the world” said Bob Winnel, CEO of The Village Building Co.

“Many of the people moving into ‘The Summit’ will be empty nesters who want a change of lifestyle and that extra bit of luxury”, said Mr Winnel.

Designed by award winning architects Bligh Voller Nield, panoramic ocean views can be enjoyed in each new dwelling which features floor-to-ceiling glass and large outdoor areas. The architectural style is spacious, simple and timeless. The finishes of each dwelling are designed to integrate with the natural surroundings.

‘The Summit’ recently won the NSW Civil Contractors Federation Excellence in Civil Construction \$1 – 5 million in 2007. The award highlighted the uniqueness of the site, project quality and attention to environmental issues.

‘The Summit’ prices start from \$465,000 and range through to \$975,000.

“‘The Summit’ is part of an overall masterplan which includes VBCs \$50 million partnership to redevelop the Big Banana iconic tourist destination. The Big Banana tourist facility has already been upgraded, and further redevelopment will extend over seven years, including the construction of an associated residential community, tourist accommodation, water park and boutique retail district.
